The Business Proposition/Concept

If you really look closely, most overnight successes took a long time.

Evergreen's greatest assets are
its people

Our Idea/Business

At Evergreen Life, we execute a disciplined, long-term capital allocation strategy focused exclusively on the technology services sector. We acquire high-quality businesses with robust fundamentals and empower their management teams to drive sustainable, exponential growth.

Strategic Acquisitions: We identify targets possessing entrenched client relationships, high barriers to entry, and untapped market expansion opportunities.

Operational Excellence: Instead of micromanaging, we provide our portfolio companies with superior resources, proprietary best practices, and high-level consultative support to maximize operational efficiency and cash flow generation.

Permanent Capital: Unlike traditional private equity, we acquire to hold permanently. This ensures unprecedented stability for employees and long-term value creation for stakeholders.

Global Investment & Strategic Partnership

Evergreen Life operates as a premier global holding entity, specializing in the technology services sector across 50+ countries. Our mission is to reinvent human capital through accurate methods of empowerment and disciplined financial growth.

I. Portfolio Entry & Capital Allocation

We offer four distinct entry tiers. Each tier represents a strategic commitment to the Evergreen ecosystem, unlocking progressively higher yields and network leverage.

Standard Tier: Entry-level asset placement.

Silver Tier: Mid-level strategic engagement.

Gold Tier: High-yield portfolio management.

Platinum Tier: Premium institutional-grade partnership. Revenue Distribution Framework (Percentage-Based)

Our financial model is engineered for sustainability, providing three diversified streams of income to ensure consistent capital appreciation.

1. Passive Yield (Monthly Dividend)

To ensure immediate value for our partners, the company provides a guaranteed monthly payout based on the initial capital commitment.

Performance Range: 16.5% to 17% monthly yield.

Status: Automatically credited to the partner's digital treasury upon month-end audit.

2. Direct Acquisition Incentive

Partners are rewarded for expanding the Evergreen footprint. This incentive is paid for every direct capital injection brought into the firm.

Standard Level: 4.1% per acquisition.

Intermediate Levels (Silver/Gold): 12.5% per acquisition.

Executive Level (Platinum): 16.6% per acquisition.

3. Indirect Network Leverage (Community Equity)

Our proprietary Four-Leg Matrix System allows senior partners to benefit from the collective momentum of the entire organization.

Leverage Range: 2% to 10% depending on the activated tier.

Spillover Mechanism: Our automated system ensures that high-volume activity from the top of the organization benefits the wider community, maximizing retention and growth.

III. Elite Leadership: The Global Dividend Pool

For visionaries who build large-scale communities, Evergreen Life offers a seat at the corporate table.

Elite Leadership: The Global Dividend Pool

For visionaries who build large-scale communities, Evergreen Life offers a seat at the corporate table.

TBC1 Designation (Tier-1 Business Consultant)

Reaching the TBC1 rank signifies a transition from a partner to a Corporate Stakeholder. Leaders at this level are granted access to the Higher Circle Commission Payout.

Global Revenue Share: The company reserves a 3% Dividend Pool from its total global turnover.

Profit Sharing: This pool is distributed exclusively among TBC1 leaders, providing a direct share in the company's worldwide success.

Strategic Influence: TBC1 leaders act as consultants to the board, where their opinions influence key management decisions and future global expansions.

Silver Package 🏆

"Welcome to the Evergreen Life Silver Portal.
